Repairs to the horses of the Bangalore City Municipality —

Letter No A2 PR 41-C 232/48-49 dated the 8th November 1948 from the Municipal Commissioner, Bangalore City on the subject —

1) In the circumstances explained in the above letter, ~~[illegible]~~ the ML Commr. requests sanction of Govt to the resolution of the ML dl dated the 3rd May 1948 and the 28th Sept 1948, approving of the opinion of the Managing Committee

(I) to entrust to any of the three undermentioned - companies the repair work of the ML horses, without calling for tenders, ~~[illegible]~~

(1) Messrs Simpson & Co
(2) Addison & Co
(3) George Oakes & Co

(II) to include ~~[illegible]~~ Messrs Wilkes & Co in the list of reputed firms for the above said purpose and (III) to approve of the action taken by the Municipality in having entrusted the repair work of horse No MYZ 3106 of the Mcply to Messrs George Oakes & Co at a cost of Rs 602-3-0, which, it has been provisionally admitted in audit, pending sanction of Govt- copies of resolutions & audit objection are also enclosed

2) The resolution of the Municipal Council is to the effect that whenever repair works have to be undertaken in respect of the Municipal Lorries, the same may be entrusted to any one of the four reputed firms, without calling for tender.

3) This proposal has to be considered from the point of Law & facts involved therein.

4) As regards the legal point, the entrusting of the repair work of Lorries to such companies is in the nature of a contract of this category by the provisions of sec 41 (3) of the Municipalities Act, whereof the expression involved is more than Rs 500/- in each case. Unless the provisions of this section are complied to as to enable the said Municipal Council to enter into such contract, it will not

be possible for the Board to give effect to this proposal, as framed at by the Committee But this is a troublesome provision and it is not necessary to modify it now — especially when the Act refers only to applicable to those as likely to be replaced by the Bhore Committee Bill

As regards the facts of the case, it is a matter of Common knowledge that Competitive rates can be secured only when tenders are called for We all use a number of boxes maintained for Health Nursing purposes the present route is proposed to be augmented by the addition of 20 more boxes: when the voluntary money is to be dealt with, every care should be taken to see that economy is observed & the work is got done at as low a cost as possible, consistent with efficiency

3631

grant of the exemption from the calling for tenders is likely to result in monopoly to the MLF, besides subjecting the Board to the charge of patronising a particular Company especially in these days when free trade has to be encouraged. It may therefore be stated that the proposal is not well-considered & is not in the interest of the finances of rate payers & may not therefore be sanctioned.

Dy Secy

(1) The Municipal Commr, Bangalore is not in favour of calling for quotations for repairing the horses in use in the utility and wants a blank cheque to be given to him to entrust the work to any one of the four reputed firms for repairs he quotes in this connection, the instance of getting the horses of the Food supply Dept repaired by entrusting the same to recognised firms, without calling for quotations

(2) The statement made by the Municipal Commissioner, Bangalore, in the Food supply Dept, the Govt have approved the procedure entrusting the repairs of horses to any one of the reputed

recognized. Form is not quite
correct, eg. in the X to date
it has been definitely laid down that the
D. F. S. can sanction repairs to the extent
of £5 only in each case subject to the
condition that in each case the repairs are
performed at the hands of approved firms &
after obtaining estimates & tenders. This was
again modified in the X to date to X effect
to the effect that, in future, competitive
quotations should be called for etc. My
attention of the Minister will be drawn to
the above fact & he will be requested that the
statement made by him in his letter above
is misleading

My further, there is no reason to relax
the provisions of section 41 (3) of the Act
in this behalf, as already
submitted to him. The apprehension felt by
the Minister already that if this
procedure was followed, heavier expenditure
would have to be incurred has no
foundation in fact, it is not
really exaggerated
as for other repairs of buildings

Yours sincerely

SIR,

Subject - REPAIRS TO MUNICIPAL LORRIES

I have the honour to state that the Health Officer while submitting the quotations received from the *marginally noted firms for repairing Lorry No MYZ 3106 of this department, has recommended that one of the reputed firms viz , (1) Messrs Addison & Co , (2) " Simpson & Co , (3) " George Oakes & Co , might be entrusted with repairing Municipal lorries, with a view to expect satisfactory work from prctical experience it is found that, if the repair work is got done at the cheapest cost as per the lowest quotations offered by the local firms other than the reputed firms, it is not only done unsatisfactorily, but also unduly delayed

		Quotation offered	
*1	Xavier Auttomobile Eng Works	Rs	300
2	Jai Hind Motor Works	Rs	230
3	Kala Bhavani Motor Works	Rs	310
4	P Poosawmy Auttomobile Engrs	Rs	320

2 The Managing Committee to whom the subject was referred for disposal of the quotations received, under reference, have resolved that any of the three companies viz , Messrs Addison, Simpson and George Oakes may be entrusted with the repair works without calling for quotations The resolution of this Committee was also approved by the Municipal Council at their meeting held on 3-5-48, a copy of

P T O

of which as well as that of the Managing Committee referred to above is enclosed herewith for reference

3 When the repair work of this lorry was entrusted to Messrs George Oakes Ltd , in accordance with the Council Resolution, their bill for Rs 602-3-0 was admitted in audit provisionally under certain objections A copy of the Audit objection together with a copy of Comptroller's letter No 57/ C L A D dated 23-8-48 is enclosed herewith for information

4 When the whole matter together with the views of the Comptroller was placed once again before the Municipal Council at their meeting held on 28-9-48, it was resolved that exemption from calling for tenders in such cases may be obtained from Government

5 In this connection, I wish to state that unless the lorries requiring repairs are completely dismantled, no firm would be able to furnish its tender, which would cause delay and inconvenience The same difficulty was experienced in the case of lorries of the Food Department In the interest of good work, the name of Messrs Webbs & Co , may also be included in the list of reputed firms It is also advantageous and cheaper if the firms dealing in certain makes of motor vehicles are entrusted with repair work of such vehicles, as for instance

	Makes of Vehicles	Names of Coys
i	Dodge, Ford Vehicles	Addison & Co
ii	Cheverolet	Webbs & Co ,
iii	Austin	India Garage

I request you, therefore to kindly obtain sanction of Government to entrust the repair works of the Municipal Lorries to any one of the *four reputed firms, when necessity arises therefor, without calling for tenders in the light of the views expressed in the Council Resolution dated 28-9-48, a copy

* 1 M/s Addison & Co ,
2 " Simpson & Co ,
3 " George Oakes & Co
4 " Webbs & Co ,

60 Council Resolution dated 3-5-48 approving that repairs to Municipal Lorries be entrusted to any of the three reputed firms viz , M/s Simpson & Co , M/s Addison & Co and M/s George Oakes Ltd., without calling for quotations Also letter from the Comptroller to Government in the matter

Resolution - It is resolved that tenders be called for from the three firms viz , M/s Simpson & Co , Addison & Co , and George Oakes & Co , and that the lowest tender be accepted

The Commissioner explained the difficulty in calling for tenders No firm would be able to furnish its tender unless the lorry was completely opened and this would mean considerable delay and inconvenience The same difficulty was found by experience in the Food Department and as such it was better that one of the reputed firms entrusted with this work without calling for tenders and suggested that M/s Webbs & Co , be also included in the list of reputed firms

Sri H S. Seetharam observed that the previous Council had decided that one of the three firms be entrusted with this work But the Comptroller had taken objection and hence it as thought of calling for tenders The office also had not expressed this difficulty in the office note,

He suggested that suitable note be place before the House and the Commissioner might address the Government in this behalf to waive the objection

The President replied that the Commissioner might address the Government and explain the circumstances under which the resolution had been passed and exemption might be obtained in this respect

Subject - RTP IRS TO MUNICIPAL LORRIES IN BANGALORE CITY MUNICIPALITY

With reference to your letter No L 7404 dated 6-1-49 (B regarding the above, I have the honour to state that no firm will furnish quotations unless the Lorries requiring repairs are completely dismantled for detailed examination before giving quotation for the parts needing replacement and repairs I would like to mention in this connection that the same difficulty was felt in the case of Lorries of the Food Department of the Government have approved of the procedure of entrusting the repairs to any one of the reputed recognised Firms, without calling for quotations

In the above circumstances, I request you to kindly obtain sanction of Government to entrust the repairs of the Municipal Lorries also to any one of the four reputed Firms mentioned in my letter of even number dated 8-11-48 without calling for quotations If the procedure suggested is not adopted, I am afraid that the work done by the Miscellaneous firms at their lowest quotations which are generally given at random after a superficial examination, would not be satisfactory with the result that the lorries repaired once or twice may have to be subject to further repairs involving heavier expenditure
